

Youth Volunteer *(Indirect Service)*

Description

Haven is the Gallatin Valley's non-profit serving survivors of domestic violence, sexual assault, stalking, and sex trafficking. Founded in 1979, Haven provides a 24-hour support line, emergency shelter, legal advocacy, counseling, and support groups for survivors of family violence. Haven also works towards prevention and education.

Youth volunteers can support Haven in various ways. Please refer to the “Options” section below for ideas. Please let us know your interests, and we are more than happy to connect with you to explore these options further or any other ideas you may have.

Options

- **Event Support:** We need help with different donor appreciation events happening throughout the year like delivering flowers, thank you notes, etc. We ask that anyone under 15 be accompanied by a parent or guardian on these deliveries.
- **Fundraiser/Donation Drives:** Another option is to host a fundraiser or donation drive for Haven of items that survivors and their families might need. These events also help raise awareness about Haven.
- **Peer Education:** If you're interested in supporting and teaching your friends and/or classmates about healthy relationships and reproductive health, we welcome you to consider becoming a Peer Educator at the high school level. This program has a formal application and selection process that happens usually in the spring around mid-April. Please contact us for more details!
- **Internship:** We are always open to ideas you might have for an internship. We have various one-time project needs on our development and fundraising team and are happy to connect with you more about how you might like to develop your skills and support Haven.

How to Apply

- Contact the Engagement Coordinator at sarah@havenmt.org if interested to schedule an informational meeting
